

TF ON FT

(Transformation on Friday Thirteenth)

Part 1: The party

Alex a normal college student was sitting bored in her room, She and her friends didn't hang out as much when the college semester ended, and she has been spending her vacation just sleeping and watching Tv shows and anime.

However, one day she got a call from Penny her roommate when she lived in college dorms.

Alex: "Hello?"

Penny: "Alex how are ya? It's me, Penny"

Alex is very happy to hear from her friend

Alex: "PENNY oh my god it's been like forever"

Penny: "It's good to hear your voice"

Alex: "So what's up"

Penny: "You see I've been invited to a party this Thursday and the invite said we can invite others as well"

Alex: "So I guess this is my invitation"

Penny: "Yep. And I already invited Sarah, Grace, Jane & John, Will, and Kurt"

Alex: "Great when and where is the party?"

Penny: "Next Thursday at 9 PM at the park. Also, it's a costume party BYE."

Alex: "Wait what"

Alex: "Dammit she does this all the time".

Left with no choice she got a costume and waited until the fabled day. Thursday arrives and Alex steps out she decided to go to the party dressed as her white cat Marshy but instead of cat ears she used bunny ears to give it a little twist she also wore some cat gloves and shoes that made her feet look like a bunny, she was a bit embarrassed especially since she was a little short(4 feet 8 inches) and the tail she was wearing as wearing was 3 feet tall so the tail was dragging behind here in less than 30 minutes she got stuck when closing the door of her house fell over when she stepped on her tail just like if it was a shoelace and had like 5 different People step on it. She decided to wrap it around her waist.

When she arrived at the park, she didn't take long to find her friends.

1. Penny

Penny was not only Alex's roommate she was also her best friend an extroverted and the one that introduced Alex to the others. She was a badass and on top of all that, she was a star athlete and very tall (6 feet 1 inch) which is the reason why Alex was able to find her so fast.

Alex: "It's so good to see you again but that was a jerk move penny"

Penny: "Hey I needed to make sure that you would come"

Alex: "Still a jerk move. But your costume looks amazing"

Penny came dressed as a fairy she had beautiful transparent wings with floral patterns, a stunning flower crown that Alex knows came from Penny's aunt who runs a flower shop, and an amazing violet dress that looks so natural and matched her hair (which she dyed 2 years ago and has now a cool black to purple transition).

Penny: "Thank you. Now let's go and....."

As penny turns to lead the way all Alex can see is a wing coming straight to her nose

Penny: "Oh no are you OK?"

Alex: "You know what is missing from your costume? A giant warning sign"

Penny: "I'll consider it"

2. Sarah

As Alex is led by Penny to a small group of people her eyes see a beautiful woman Penny sees Alex staring and whispers: "That's Sarah"

Alex: "WHAT?!?!?!?"

Sarah was a smart and reserved girl, extremely shy and she had a lot of freckles on her face and hands and huge glasses

Alex: "SARAH YOU LOOK AMAZING"

Sarah (Blushing): "um thanks my older sister helped a lot she helped me put on makeup and got some contact lenses and let me borrow an old dress and heels (Her sister is a model and 6 years older)

Sarah was wearing a stunning cyan dress a long silver wig with a dazzling tiara on top and very elegant heels. She looks so beautiful that Alex didn't notice the elven pointed ears.

*Alex apologized for staring and Sarah said it was no problem but as she was walking closer, she fell on her face as she is not used to walking in heels

3. Grace

Next up was grace one of the nicest and most popular girls in school a talented singer. Her parents are very religious, but she learned how to deal with them. She came dressed as an angel with a pure white dress and large wings.

Alex: "You look amazing"

Grace: "Thanks. It was hard to convince my parents to let me come until I reminded mom that she kept calling me an angel since I was 2 and she had no response.

Alex: Nice

As Grace had been talking, she heard her name being called, and once again Alex sees a giant wing coming towards her face sadly dodging wouldn't do anything as a wingspan of an angel is much larger than a fairy.

4. Jane & John

Jane & John were fraternal twins and were the "Sexy twins" according to everyone in college, but what most people don't know is that these two loved causing mischief and trouble, especially to each other.

This time Alex's gaze is one of confusion.

Alex: "Nice to see you two again, but why are you two not wearing costumes"

All Alex saw them wearing were normal clothes and makeup nothing weird no ears no wings, not a thing.

The twins simultaneously: "We are in costumes"

Alex: "What are you talking about..... OH"

Jane & John: "Yep"

Penny: "they say that they didn't plan this, and I believe it."

5. Will

Will was a fantasy maniac he loved anything and everything about a fantasy he was a nice guy with a heart of gold and wouldn't hesitate to help someone in need which was ironic as he was a big man (6 foot 6) also the reason why Alex found the group so fast.

Will: Glad you can make

Alex: Me too. You know you just being here makes me feel a lot safer

Will: Come on your making me blush

Alex couldn't help but feel the irony of the giant man trying to blush like a little kid especially when he came in dressed as a giant werewolf with Blue and white fur and realistic-looking claws

6. Kurt

Finally, there was Kurt the only son of a wealthy businessman, being the heir of his father's company Kurt was taught from a young age how to play the game smart and the importance of a good goal and plan. He was the serious type always trying to always have the best schedule to make sure of maximum efficiency which can make him a bit stubborn but loved to hang out with the group as they can be the only way he can relax.

Alex: I'm surprised that you came I thought you would be too busy

Kurt: At first, I didn't want to, but Will convinced me after he saw that my schedule was free for tomorrow, even when I said I didn't have a costume he got me one, so I didn't have an excuse. At least he got me a good one

Kurt came in dressed as son Wu Kong the monkey king from the journey to the west, Complete with the headband and armor and staff.

Alex: I can see, you do love that book

Kurt: I **enjoy** that book it's just a good read when I have nothing to do

Alex: Sure

Part 2 THE RED WAVE

The party is wild the group is having tons of fun drinking and dancing they catch up

Alex has been enjoying the party so much that she didn't notice the time it was almost midnight, and she was ready to go back home but penny stopped her.

Penny: Hey can you stay a little longer there has been a rumor that something will happen right at midnight maybe an event, but I want you to be here

Alex: Fine but I'm heading home as soon as it ends

Just as they were talking about it the music stops grabbing everyone's attention.

Everyone sees a tall man standing on a podium wearing wizard's robes

Penny: I guess he is the one who organized the party

Alex: you don't know him?

Penny: No, I just received an invitation like everyone else

Alex had a weird gut feeling but decided to ignore it for now

Wizard: I thank you all for coming here it is a great pleasure that so many people were able to come for this wonderful event. Right now, it is 11:55 Thursday the 12th all I ask you to do now is look up at the sky.

Everyone looks up to see the full moon, but something is different it is red today was a blood moon everyone looked up in amazement trying to take photos and make Breath of the wild jokes and just being drunk.

However, Alex looks down and sees that the wizard is gone she once again has a bad feeling she couldn't ignore it she rushed over to penny but before she could say anything everything turns.....RED?

In a flash all she can see is red she can't see anything but blood red and a very loud ringing in her ears she falls to the ground it was like she was both blind and deaf she fell unto the floor scared she didn't know that this was happening to everyone. all she could feel is a sharp pain in her body.

And suddenly it stopped the pain subsided her vision returned, and the ringing stopped. However, her hearing felt stronger than before she looked around and couldn't see Penny anywhere as she was about to go look for her, she felt a different type of sharp pain it felt like someone stepped on her foot but there was no one Infront of her she looked back to see someone stepped on her tail?

Two questions came to her mind how did the tail come undone from her waist and how did she feel pain from it?

She quickly grabbed her tail and as she was attempting to wrap it up again it kept moving like it had a mind of its own.

Alex(worriedly): that is strange maybe I'll just remove it.

As she tried to pull all she can feel is a sharp pain from her rear no matter how hard she pulled the pain was there.

Alex: Oh no

She instinctively tried to remove the ears but as the pain comes back you can see the horror on her face.

But she quickly realized that she needs to find her friends

Penny

Alex: PENNY. WHERE ARE YOU PENNY?

Alex was searching for her friend desperately until she heard a loud voice as if someone were screaming in her ear

Penny: Right here

Alex: "Where" as she is turning around.

Penny: STOP STOP IM ON YOUR HEAD!!!!

As Alex slowly stops and puts her hand on top of her head, she feels something between her ears and as she slowly grabs it and as soon her once tall friend is in her hand, she feels her jaw drops so much she can almost taste the ground

Alex: WHAT HAPPENED!?!?!?

Penny: I DON'T KNOW ONE MINUTE I SEE YOU RUNNING TOWARDS ME THE NEXT I SEE RED THEN I WAKE UP TO ME BEING THE SIZE OF ... THE SIZE OF.

Alex: A penny?

Penny: NOW IS NOT THE TIME FOR JOKES!!!

Alex: Sorry couldn't resist. Anyways what in the world is happening for some reason my tail and ears feel real, and I can't remove them.

Penny: OK breathe let's not panic we need to find the others.

Penny says this as she attempts to fly using her now real fairy wings.

Alex: HOLY \$#!t you can fly now?

Penny: How do you think I got off top of your head?

But as soon as she says this a strong breeze hits her and shakes her balance and she falls Luckily, Alex was able to catch her.

Alex: Maybe you should stay in my hand for now.

Penny (Shamefully): Yeah

Sarah and Grace

Alex started running looking for any of her friends holding penny cupped in her arms when she saw Sarah and Grace.

Alex: Thank God, we found you

Grace: Alex what is going on people are freaking..... Did you say we?

Alex slowly uncups her hands to reveal the now tiny penny

Sarah is now shocked and takes a step back causing her to fall again and also causing the water bottle she was holding to spill a little.

Sarah was shocked but saw something strange she saw that the makeup that she put on her hand was not dissolving she was confused until she realized that she couldn't feel the contacts on her eyes anymore

Alex: I don't know what's happening but something strange is happening. Can you try to remove the pointy ears?

Sarah slowly tries to remove them, but she can't

Sarah: They aren't coming off they must be stuck

Penny: Sweetie I don't think that stuck is the right word

Sarah's Eyes are wide open you don't mean

Penny sighs: I'm afraid so

As they are all distracted by the now unremovable ears and wigs Alex just now notices that Grace is no longer next to Sarah

Alex: GRACE WHERE ARE YOU?

Grace: UP HERE.

Alex looks up to see the grace trying to balance herself up in the air

Grace: I tried to move my wings and now I'm stuck 15 feet up in the air and I don't KNOW HOW TO LAND HELP!!!

Alex calm down have you tried flapping slower?

Grace: I CAN'T CONTROL THESE THINGS

Alex: OK Let me see if I can find a rope or something.

Penny: I'll try to stay with her

Alex: Be careful

Penny flies as close as she can to try to help Grace have better control of her wings Since she got familiar with her wings

Jane & John

Alex now alone is looking for anything that can help get grace down and looking for her other friends. That until she heard a loud "NOOOOOOOOOOOOOOO" She turns around and see two porta-potties, the doors open to reveal the twins.

Alex's eyes are wide open as it didn't take long for her to realize what happened

Jane: The worst decision of my life here you are as a cute bunny cat, and I'm stuck as my stupid brother with his mustache

John: What do you mean stupid I had to sacrifice that glorious Stache for this and now I feel like I'm walking around with two dumbbells on my chest.

As the twins keep on arguing Alex can now see Grace almost spinning out of control

Alex: THAT'S ENOUGH WE HAVE A LOT MORE IMPORTANT PROBLEMS PENNY IS NOW SMALLER THAN MY HEAD AND GRACE IS FLYING OUT OF CONTROL.

The twins go silent

Alex: NOW GO TO THE FLYING GIRL AND TRY TO DO SOMETHING TO HELP.

Without a word, the twins run toward the others.

Kurt and Will

The party is now in a full panic some girls are freaking out because they came in dressed as witches and now their skin turned green, she sees others like herself unable to remove their costumes and she swore she saw a giant chicken. She is now extremely worried about Kurt and Will as had no idea how the sudden transformation was affecting them. But she remembered that she now has massive ears stuck to her head and remembered that tonight was a full moon

Alex: Well here goes nothing

Alex closed her eyes trying to pick up on any of her friends but all she can hear is a panicked scream she was about to just continue searching for her friends normally until she heard a distant "Awoooooo" her ears stood up straight as she heard she took a bet that was Will and hoped that Kurt was with him

Thankfully she was right

Kurt: What has gotten into you why are you howling like a mad man

Will: I don't know I just felt a powerful urge and I just couldn't stop it

Kurt and Will were standing trying to figure out what the heck was going on and then they saw Alex approaching

Kurt: Alex what in the world is going on after that weird red flash thing everyone is in a panic Will won't stop howling and I'm now and I'm now covered in hair that won't STOP ITCHING

Alex: I have no idea what the F is going on My tail and ears are real, Penny is smaller than my head, Sarah looks straight out of a fantasy novel, the twins are gender-bent and GRACE IS STUCK 20 FEET IN THE AIR

Kurt: WHAT?!?!?!?

Alex: We need to find a rope or...

Kurt: GET DOWN

Kurt tackles Alex down just barely avoiding the giant wolf coming in for a large bite

Alex: WHAT THE F**K and she scratches Will's face with her now real claws

Will snaps back to his senses

Kurt: Alex are you OK

Alex: Yes, thanks to you what happened

Kurt: You are now a fusion of two of the wolf's prey he must have been overcome by his senses.

Will: IM SO SORRY

(He was not shaking like a shivering pup)

Alex Before Alex can say anything she sees a plate full of fried chicken

Alex: OK but here eat this it might help a little

Kurt: Ok we need to get to the others

Alex: OK

Part 3 ENDING?

With the gang all back together they needed to find a way to get grace down

Will: Stop flapping

Grace: ARE YOU NUTS!!!

Kurt: Actually, he is right if you stop flying, we can all try to catch you

Grace: YOU BETTER CATCH ME OR I WILL KILL YOU!

John: Isn't she afraid of heights

Jane: Yep, she is living her worst nightmare

John: She isn't the only one

As the twins start to argue again Penny flies to their faces

Penny: Can you focus, I swear if something happens to grace because you two were not paying attention, I MIGHT BE 5 INCHES TALL BUT I WILL STILL KICK YOUR ASSESS.

The twins fell silent again

Alex: OK Grace On the count of 3 you will stop flying and we will catch you

1

Everyone is in a position

2

Grace closes her eyes

3

Grace drops and it seems the wings themselves are very heavy because all but penny fall to the ground

Alex: That's one problem out of the way

Sarah.: What's going to happen now, how am I going to tell my mom I transformed into an elf

Kurt: How am I going to explain to my father that his only son is now a monkey

As the group keeps on arguing Alex sees the wizard again.

Alex: Hey isn't that

Before Alex could finish her sentence, the wizard performs a hand gesture and he disappears again but a second later a white flash appears blinding everyone as then everything goes black

The end

OR IS IT
