

MEET RAIMA...

SOMEBODY LIKE ME
CAN'T WALK TOO WELL.

... AND HER NEW MACHINE.

THAT'S WHY
MOBILITY ASSISTANCE
IS SO IMPORTANT.

VOILÀ.

INTRODUCING THE HIGHRIDE

UNLIKE A NORMAL
WHEELCHAIR,
THE HIGHRIDE GIVES
ME A CLOSER TO
NORMAL EYE LEVEL.

IT MAKES IT EASIER FOR
ME TO REACH STUFF.

CONTROL IS MOSTLY
AUTOMATIC, JUST BY
SHIFTING MY WEIGHT.

THE HIGHRIDE
AUTOMATICALLY
MAINTAINS ITS
BALANCE, BY
TILTING OR
MOVING, BASED
ON THE MODE
I SELECT.

THIS KEEPS MY
HANDS FREE.

"IF I HAD **ASKED** PEOPLE WHAT THEY WANTED, THEY WOULD HAVE SAID **FASTER HORSES**."
— ATTRIBUTED TO **HENRY FORD**.
